1. COMIREX [REDACTED] worked directly with ICS [REDACTED] in developing PRC Issues concerning management and funding levels for a CAMS upgrade starting in FY-79. While we were sent early drafts of the Issue and Possible Alternatives, the final paper given by ICS to the PRC was not coordinated with ODP. This version included an alternative, which was approved by PRC, that COMIREX have financial management of CAMS beginning in FY-79, with a level of funds that were not coordinated with ODP. ODP was then directed to include this program in its FY-79 OMB Budget.

2. If you want more details on this, we would be happy to provide it. STATINTL
